

Cross Browser Checklist

for _____

Firefox

Mac

Windows

Safari

Mac

Windows

Chrome

Mac

Windows

Opera

Mac

Windows

iPhone

IE8

IE7

IE6 (if you dare)

Without styles

Does your site still make sense?

Without images

Do you have backup colors in place?

Without JavaScript

Is your fancy jQuery navigation still usable?

Increase text size

Does it break your layout?

Page zoom

Again, does it break anything?

Validate HTML

Don't obsess.

Validate CSS

Browser specific CSS3 is OK (yeah I'm lookin' at you -webkit-border-radius)

Totally Done

You rock!
